

Aluminum shell solar container box manufacturers

Overview

We specialize in supplying, fabricating, and modifying storage and shipping containers for various industries. With container sizes ranging from 10 to 45 feet in length, there is a size available to accommodate nearly any project. LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar. Made from strong and weather-resistant aluminum, these battery enclosures help to provide a storage component to help protect your battery (ies) from the elements and keep electrical components dry. Part Number: BBA-1M Manufacturer: OEM Material: Aluminum (Standard), Stainless Steel Available Finish: Mill (Standard), Powder Coat UL Approved: Yes NEMA Rating: 3R, 4, 4X Overall Dims (HxWxD - IN): 20. An average solar panel packaging is made of a pallet-sized cardboard box that contains 26 to 36 panels in it.
