

Brazil solar container exhibition information query

Overview

For three days next March, São Paulo will become the center of the global solar industry. The world's biggest photovoltaic fair, SNEC PV & ES, is holding its first edition outside China at the modernized Anhembi complex, with about 10,000 visitors and roughly 100 exhibitors. For years, the event has been driving the renewable energy market forward with exhibitions, interactive experiences, debates and networking, as well as demonstrations concerning the. August 2026 | International exhibition with accompanying conference for the solar industry Intersolar South America is the leading trade fair and conference for solar technologies in Latin America and serves as a central platform for exchange and advancement within the solar industry. During the exhibition, we will present a range of newly launched energy storage products tailored for the Latin American market, covering residential.
