

Cies international solar container exhibition held

Overview

China International Energy Storage Expo and Conference (CIES 2025) will take place from March 23-26, 2025, at the Hangzhou International Expo Center in Hangzhou, China. From Beijing in 2011 to Hangzhou in 2025, spanning 15 years, the China International Energy Storage Expo has become the largest and most influential energy storage industry event in the world. Organized by the China Chemical & Physical Power Industry Association, this premier event will bring together global industry. As an expert in EV charger and Energy storage manufacturing, SCU brought its multi-energy complementary solutions for photovoltaic, storage, and diesel microgrid systems, a new generation of charging products, and a variety of solutions to the exhibition, and won the 2025 China Energy Storage.

Cies international solar container exhibition held

The biggest energy storage show in China, Beijing -- ...

the largest, most professional, and international energy storage show in China, acclaimed as the barometer and indicator for the development of China's energy storage industry.

The 15th China International Energy Storage Conference and ...

We sincerely invite you to attend the 15th China International Energy Storage Conference and Exhibition (CIES2025) to be held at the Hangzhou International Expo Center in China from March 23rd to 26th, ...
