

Cimc solar container technology factory operation

Overview

The company operates six automated production lines, equipped with end-to-end manufacturing capabilities for standard and specialized containers, containerized equipment, and modular construction products. On January 9, the Ministry of Industry and Information Technology (MIIT) announced the list of the first batch of “Excellent Smart Factories”, and CIMC Safeway Technologies Co. CIMC's state-of-the-art facilities are being redesigned to operate with net-zero emissions, leveraging renewable energy sources like solar and wind power. Advanced energy-efficient technologies and waste-reduction systems ensure minimal environmental impact while maintaining high production output.
