

Columbia solar container institute

Columbia solar container institute

- ✓ 50KW/100KWH
- ✓ HIGHER POWER OUTPUT IN OFF-GRID MODE
- ✓ CONVENIENT OPERATION & MAINTENANCE
- ✓ PRE-WIRED

Columbia University , techportal

By combining core expertise in catalysis, advanced in situ analytical tools, and chemical engineering principles, our ultimate objective is to engineer novel materials and devices that can more efficiently ...

Revolutionary Solar Tech Inside a 20FT Shipping Container!

20ft shipping container is transformed into a solar-powered energy station with advanced modifications and cutting-edge technology. From insulation and venti

Old shipping container recycled into solar-powered learning lab in ...

Squire and Partners teamed up with charity Computer Aid International to transform an old shipping container into Zubabox, a solar-powered youth education center.

Columbia University , techportal

The Electric Power Research Institute (EPRI) conducts research, development, and demonstration projects for the benefit of the public in the United States and internationally. As an independent, ...

Eco-Container Collection Period , Columbia Dining

Columbia Dining plan holders should pick up their free eco-container between August 29 and September 5. After this period, it will cost \$5 to join the program. Learn more. Eco-containers ...

Event on Haven Plaza Taps into Young Students' Scientific Curiosity

The cube is a solar-powered shipping container that was retrofitted into a mobile science lab to raise awareness of STEM education. The Curiosity Cube tour has made stops in Boston, ...

Statistics

CRI is the model organization instrumental in bringing about a rapid increase in recycling for a world where no material is wasted, and the environment is protected. We succeed because companies and ...

Renewable Energy has to be Stored. These Researchers are Figuring ...

Go behind the scenes at one of the Columbia Electrochemical Energy Center's labs, where researchers are developing the next generation of batteries, fuel cells, and electrolyzers.

Cool-Watt® solar container , ECOSUN innovations

Cool-Watt® is a solar power plant designed as a 20 feet maritime container, pre-cabled and pre-tested so that it can be deployed in less than 1 hour without civil engineering or specialists. ...

COLUMBIA ENERGY STORAGE PROJECT

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of 20+ ...

Container Recycling Institute

Signaling its commitment to increase container recycling, the Container Recycling Institute (CRI) has appointed Susan V. Collins as its new executive director. Collins joins CRI after 20 years ...

Old shipping container recycled into solar-powered learning

Squire and Partners teamed up with charity Computer Aid International to transform an old shipping container into Zubabox, a solar-powered youth education center.
