

Dark solar container device selling gold coins

Overview

The Gold Coin Bag is a specialized container designed to store gold coins, solving one of the game's most frustrating storage problems. buy money bag from the treasurer, it takes 50g in a slot Is that the only way?

Cant they be melted down?

Spend them of course. With each storage slot in your stash holding a maximum of just 10 gold coins, it doesn't take long before a modest collection of 100 gold coins consumes nearly an entire row in your inventory. Band together with your friends and use your courage, wits, and cunning to uncover mythical treasures, defeat gruesome monsters, while staying one step ahead of the other devious treasure-hunters.

Dark solar container device selling gold coins

Not getting gold from trading :: Dark and Darker General Discussions

The coins go automatically into purses in your Stash if you have any, and some items sell for 0g - you should see the sell price when you are trading your items to the merchant so check that too.

What to put my gold into to save space. : r/DarkAndDarker

Keys are staying stable relative to gold coins even though ingots dropped, but the moment wipe gets announced keys die. Gold coin bag is also pretty decent because it holds gold and you can resell it ...

How to get rid of gold coin bags? : r/DarkAndDarker

I mostly play GC normals with greens, get some items which i sell in trade, and mostly use gold to buy stuff from vendors. This causes me to get a lot of empty gold coin bags which takes up space.
