

Famous overseas solar container exhibition

Overview

SNEC PV Power Expo is one of the world's largest solar power exhibitions held in Shanghai, China. It provides a platform for international solar companies offering high-quality products, technologies and services. In this article, we will highlight some of the top global renewable energy exhibitions taking place between 2024 and 2025 and explore what makes them significant events in the industry calendar each year. Everything you need for a successful exhibition participation - from application options to organizing and planning your exhibition appearance. The Lisbon Energy Summit & Exhibition is Europe's oldest and largest event on energy, energy investments, energy storage, and clean energy. An exhibition dedicated to distributed generation and alternative energy. RenewX intends to accelerate the growth of the South Indian Renewable Energy Industry. Relying on the huge scale of "SNEC International Photovoltaic Power Generation Exhibition", its international influence, and customers in the solar energy industry, the Shanghai New Energy Industry Association (SNEIA) launches the "11th SNEC ES+ (2026) International Energy Storage & Battery."
