

Finland factory builds its own solar container power station

Overview

Hitachi Energy is installing 2,414 solar panels on the roof of the up-building transformer factory at the Hitachi Energy Park in Vaasa region, Finland. 0 containers from Sungro ,delivers 30 MW of output and 60 MWh of rapidly ramp up its switch to renewable forms of energy. A Finnish energy company, Ilmatar Energy, is planning to build a massive 400 mw solar power plant in Sodankylä, Lapland, near the Arctic Circle. EPV Energy's new solar park is set to become one of Finland's largest, featuring 123,000 solar panels. In the future, a significant part of the electricity used by ISKU factory will be produced locally.
