

Home-dedicated solar container power supply

Overview

Good solar generators make container living more comfortable by powering lights, appliances, and electronics without grid connection. We chose 6 models that each include solar panels and offer capacity ranging from 768Wh to. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Upgrade your shipping container home or office with a solar power kit and make the transition to off the grid living effortless! This system is designed to easily connect all your essential appliances (air-conditioners, computers, lights, microwaves and more). Off-grid living and clinics: Even homes and clinics have been built from shipping containers.
