

# How much is the price of household solar container power supply in china and europe

## Overview

---

Wondering what a solar container system costs?

Explore real-world price ranges, components, and examples to understand what impacts total cost—and if it's worth the investment. A complete 5kW solar system in China costs ¥15,000-¥30,000 (\$2,100-\$4,200), with Tier-1 panels from Longi or Jinko at ¥0. China dominates global solar manufacturing, offering both budget and premium options. These solar energy products can be large and bulky, making them challenging to transport without the proper packaging and logistics.
