

How to use the bloodthirsty solar container device

Overview

It can be obtained through the Quest Board, specifically the quest named "Delivery V" where you give a Warp Potion to Jake. The Solar Device is a Tier 1 right-handed gear that can be crafted at Jake's Workshop. It features a large 8-pointed star shape with a cavity in its center, appearing to resemble the Sun. To safely discharge a capacitor, the most common and recommended approach is to connect a suitable resistor across its terminals, allowing the stored electrical energy to dissipate as heat. You'll have practically no other options, so you'll know where to go right away break the second seal, which will open more paths.
