

Huijue solar container first understands

Overview

Huijue Group's modular design integrates fire suppression, thermal management, and grid synchronization in ISO-standard containers. emerges as a groundbreaking solution, supplying mobility, efficiency, and environmental sustainability in energy storage and generation. Engineered by means of Huijue Group in collaboration with HighJoule, this product blends contemporary photovoltaic science with a modular, foldable design. A photovoltaic container house combines "container + solar energy + energy storage + smart control + fully furnished" into a small, independent living unit. It reduces electricity bills and serves as emergency backup power, providing a seamless, intelligent, and one-stop energy.
