

India solar container registration process

Overview

Choose your state, electricity distribution company (DISCOM), and enter consumer account details. A key development is the introduction of guidelines for the series approval of SPV module product families, which streamlines the registration for manufacturers producing multiple related module variants. India's Ministry of New and Renewable Energy (MNRE) now offers ₹18,000/kWh subsidy for solar-powered container systems up to 500 kWh capacity. The Government of India's National Portal for Rooftop Solar aims to simplify the process of installing solar panels on your home or business. This guide walks you through every step, from registering on the portal to commissioning your system and enjoying the benefits of clean energy. Step-by-step guide to applying online for rooftop solar under PM Surya Ghar Muft Bijli Yojana.
