

Industrial park wins solar container

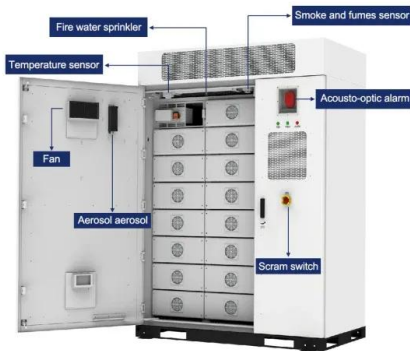

Overview

Six Flags Magic Mountain will be home to the largest single-site commercial solar energy project in California and largest for any for-profit organization in the world. This paper analyzes the application status of distributed photovoltaic in industrial parks in depth, and focuses on the application scenarios and technical standards of related technologies. Our mobile solar systems provide reliable, sustainable power where it's needed most. The 1,000-megawatt (MW) Bellefield 1 project in Kern County, California, includes 500 MW of solar and 500 MW of four-hour battery storage, all under a 15-year contract with Amazon.
