

Is pioneer intelligent a storage sector project

Overview

Inaugurated on June 3, 2025, at Rome Fiumicino Airport, PIONEER is an energy storage system based on repurposed EV batteries. Fluence Supplies Energy Storage Technology for BrightNight and Cordelio Power's 1,200 MWh Pioneer Storage Project in Arizona. [Oops, something went wrong](#) [Skip to navigation](#) [Skip to main content](#) [Skip to right column](#) [News Today's news](#) [US Politics 2025](#) [Election World](#) [Weather](#) [Climate change](#) [Health](#). ("Fluence") (NASDAQ: FLNC), a global market leader delivering intelligent energy storage systems, services, and asset optimization software, today announced it will supply its advanced Gridstack Pro™ energy storage solution for. The project is developed by BrightNight and partner Cordelio Power and will feature Fluence Energy Gridstack Pro BESS. "Pioneer will deliver reliable, dispatchable clean power that Arizona needs to support its rapid growth," said Martin Hermann, CEO of BrightNight. Loccioni, a key system integrator, has announced the successful development and implementation of PIONEER (airPort sustainability secONd lifE battEry stoRage), an innovative.
