

# Italian lithium solar container power supply procurement network bidding

## Overview

---

Italian electricity TSO Terna has received more than 100 GW of requests to participate in the energy storage auction it is planning before summer 2025. The first phase of the MACSE tender is expected to be the biggest battery procurement exercise held in Europe by that point. TendersOnTime, the most comprehensive database for Government Tenders and International Tenders; collects information on Solar from. Underpinning MACSE, or Meccanismo di Assegnazione Centralizzata per la Sostenibilità Energetica, is an ambitious plan to boost renewable energy integration and support up to 50GWh of energy storage by 2030 – a move to.
