

Local nairobi shared solar container

Overview

By Q3 2025, Standard 40ft solar containers (20kW capacity) are projected to cost \$28,000-\$35,000 – 22% cheaper than European equivalents. Why choose containers over rooftop solar?

One Nairobi factory slashed energy bills by 63% using mobile containers that relocate. Pre-fabricated containerized solutions now account for approximately 35% of all new utility-scale storage deployments worldwide. As a pioneer and market leader in the assembly, deployment and innovative business modelling for Mobile, Solar Powered Cold rooms we take great pride in keeping produce fresh, for longer. 30% - 40% of fruits and vegetables in Kenya are lost due to a cold storage infrastructure deficit.
