## Overview

---

Detailed info and reviews on 18 top Energy Storage companies and startups in London in 2025. Get the latest updates on their products, jobs, funding, investors, founders and more. Developer of long-duration storage systems Meet Richard that works here Highview Power is a designer and developer of true long duration. It involves companies that develop technologies to store energy for later use, enhancing grid reliability and efficiency. It provides comprehensive solutions for the electrification of fleets (buses, trucks and school transportation), including charging infrastructure, battery replacement and fleet management software. The deployment of large-scale batteries is being encouraged by a reformed Capacity Market.
