

# Luxembourg city solar container subsidy

## Overview

---

The "KLIMABONUS 522" program is a Luxembourgish government initiative that provides financial incentives for the installation of solar photovoltaic (PV) systems. This subsidy starts at 500 euros for a 3-kWh electricity storage unit, with each additional kWh of storage capacity adding another 100 euros (Maximum capacity = 30 kWh). Additionally, municipalities contribute varying amounts; some offer a lump sum, while others cover up to 90% of the remaining costs.
