

Movable solar container for commercial and industrial equipment

Overview

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Our weather-resistant units come ready for add-ons like climate control, lighting, shelving, and security features — providing high-quality storage options for various needs. Movable is a solar-powered portable storage company that delivers high-performance containers for commercial, industrial. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar.
