

# **New energy vehicle solar container pack**

## Overview

---

That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. Thanks to foldable solar arrays, the container is rapidly deployable — operating within hours to support power needs across diverse scenarios. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design.
