

Ordinary people solar container

All In One

Integrating battery packs

Intelligent Integration

integrated photovoltaic storage cabinet

High-capacity

50-500kWh

Rated AC Power

50-100kW

Degree of Protection

IP54

Altitude

3000m(>3000m derating)

Operating Temperature Range

-20~60°C(Derating above 50 °C)

Overview

These innovative, modular living units aren't just mobile—they're powered by integrated photovoltaic systems, making them a self-sustaining housing solution for off-grid and urban applications alike. Ordinary People is a 1980 American drama film, the first feature directed by Robert Redford. The film follows the disintegration of a wealthy family in Lake Forest, Illinois, after one son dies in an accident and the other. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. That dream brought us to 20 acres of raw land where we're building a shipping container tiny home from the ground up. It hasn't been easy, but every challenge—from weather setbacks to learning as we go—has made us more determined. Before, portable housing was always equated with compromise—low comfort, insecure power delivery. Based on Judith Guest's novel, it explores grief, guilt, and family dysfunction with raw emotional honesty.
