

Oslo s new solar container subsidy policy

Overview

The government will subsidize up to 60% of the cost of installing a residential energy storage system, with a maximum subsidy of 50,000 kroner or \$5,600. Described as Zambia's inaugural solar facility equipped with battery storage, the project holds an estimated value of \$65 million. Support from the European Battery Alliance and EUR1 billion in loans from the European Investment Bank in 2020 alone would help shore up investor confidence biggest single emitter of CO2 in Oslo.
