

Outdoor solar container enterprise financing program

Overview

The FiT program allows property owners and developers to sell the output of local eligible renewable energy projects directly to LADWP. Remember: GoGreen Home may request the interconnection approval (“Permission to Operate”) directly from you during QAQC. Sustainable Capital Finance is a national solar financing partner focused on simplifying clean energy adoption for developers, EPCs, and commercial property owners. We provide transparent Power Purchase Agreements (PPAs) for solar, storage, and EV charging — with real-time pricing and a streamlined. A key element of LADWP’s renewable energy program is the development of local solar, particularly customer based programs that tap into the city’s abundant sunshine and provide residents and businesses with the ability to generate their own power. Enjoy powerful protections and everyday perks with PremiumSpend checking, including identity protection, cell phone coverage, roadside assistance, savings, and more, all at no additional cost.
