

Outdoor solar container for mobile phone charging

Overview

After testing top solar phone chargers in real outdoor and emergency scenarios, I've compiled this definitive guide to help you find the right solution for stress-free, portable charging anywhere. A simple but versatile solar power charging station that can complement existing bench seating or function as a stand-alone unit, particularly where space is limited. Each pole is equipped with two wireless charging pads and eight rapid-charge USB ports, including one under the table for handicap. Sunbolt's Stand-up Solar Charging Stations provide convenient charging for any outdoor space. HIGH EFFICIENCY: The portable solar panel made by mono-crystalline solar cells which highly efficient solar phone panels convert up to 24% of solar power into free energy.
