

Outdoor solar container power supply custom manufacturer

Overview

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank. Our job is to help get you water, not sell you something that isn't a good fit for you or your well. Are you seeking a reliable solution for your energy needs?

Our Off Grid Container offerings stand out in the market, tailored to meet various specifications and applications. This is accomplished by bringing the output of several solar strings together by having. LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere. Whether there is insufficient space inside existing buildings for a new power supply, no building exists, or there's a need for a system to be continuously mobile, Ampegon has.
