

Panama city solar container plant operation job information

Overview

Position Specific Description Regional Manager II in the Panama City Solar Region leads an operational team of engineers (engineers in their region perform 90% field work) and oversees the operations and maintenances of solar and storage sites. Experience in solar installation, construction, or a related field is preferred but not. Your chief priority will be ensuring the team's safety while concurrently focusing on. Our goal is to achieve Real Zero carbon emissions from our operations by 2045 by expanding our solar capacity, increasing battery storage and bringing new renewable energy opportunities to Florida, while improving customer affordability and reliability.
