

Power storage vehicle manufacturer ranking

Overview

This comprehensive analysis ranks the top 10 BESS manufacturers based on production capacity, global market presence, technological advancements, and notable project implementations. The global BESS market reached approximately 240 GWh in 2024, a 60% year-over-year increase. Three South Korean companies—LG Energy Solution, Samsung SDI, and SK On—along with Japan’s Panasonic also made the list. The companies listed here represent a mix of sizes, with many located in the United States, alongside notable names from Austria, Germany, and the United Kingdom. In this week’s Top 10, Energy Digital takes a deep dive into energy storage and profile the world’s leading companies in this space who are leading the charge towards a more sustainable energy future.
