

President of the world solar container conference in brazil

Overview

Rodrigo Sauaia, executive president of ABSOLAR (Brazilian Association of Photovoltaic Solar Energy), highlighted both the advances achieved by the source and the challenges that still need to be faced for the energy transition to be truly consolidated in the country. The Solar World Congress (SWC) is the official congress of the International Solar Energy Society (ISES), held every two years since 1970. The gates of Expo Center Norte, in São Paulo (SP), opened this Tuesday (26) to kick off Intersolar South America 2025, the largest solar energy event in Latin America. Over the course of three days, more than 58 visitors are expected to wander the fair's corridors, which brings together national.
