## Overview

---

Our ranking is based on comprehensive analysis of market share, technological innovation, product portfolio, and influence within the Swiss market and beyond. This article explores the top 10 solar companies shaping Switzerland's energy transition in 2025, highlighting their unique contributions and specialties in this rapidly evolving market. For the 23rd year, Forbes' Global 2000 ranks the largest public companies in the world using four metrics—sales, profits, assets and market value—and despite the geopolitical uncertainty and combativeness resulting from Donald Trump's tariffs, all four reached records this year. China has implemented the Renewable Energy Law since 2006, in which Article 4 clearly states that.
