

# Rongke solar container s business model

## Overview

---

The company is at the forefront of developing, producing, and deploying energy storage systems that utilize vanadium flow batteries, which stand out for their scalability, long lifecycle, and minimal environmental impact. It currently has annual capacity of 50MW, which will be increased by Modular models cabinet installation. What are the businesses of Rongke Energy Storage?

Rongke Energy Storage is primarily engaged in two major sectors: 1. On December 5, 2024, Rongke Power (RKP) completed the installation of the world's largest vanadium flow battery.
