

Solar container patent direction

Solar container patent direction

US4221059A

To that end, shelves 30 are formed of a first plurality of webs 34 spaced successively in the direction of the shelf width and a second plurality of webs 36 individually spaced successively in the direction of ...

PHOTOVOLTAIC CONTAINER

A main objective is to solve the technical problem that, as the existing photovoltaic assembly is directly laid on a top surface of a container, the pressure of the weight of the photovoltaic ...

US20130233755A1

An ISO approved shipping container has a spatially rotated, molded thermoplastic polymer container shell and encapsulated by a load hearing structural exoskeletal steel container framework. The ...

Shipping container patented technology retrieval search results

This page includes the patent name, patent number, legal status, invention/applicant, technical efficacy and accompanying drawings of Shipping container-related invention patents and

utility model ...

SOLAR ENERGY CONTAINER SYSTEM AND METHODS

FIELD n. More specifically, the present disclosure is directed to a solar energy cargo system capable of receiving and storing solar energy, and powering electric or hybrid electric vehicles using the ...

Solar-powered refrigerated container

Patent application title: Solar-powered refrigerated container Inventors: Ryan McGann (Shoreham, NY, US) IPC8 Class: AF25B2102FI USPC Class: 62 36 Class name: Using electrical or ...

U.S. Patent Application for SHIPPING CONTAINER HANDLING ...

There is provided shipping container handling systems and methods that maximize the number of containers that can be stored on a predetermined property, as well as increasing the ...

US Patent Application for SOLAR ENERGY INTERMODAL CONTAINER ...

More specifically, the present disclosure is directed to a solar energy cargo system capable of receiving and storing solar energy, and powering electric or hybrid electric vehicles using the received solar ...

???? ?? ??? ??? ?????? ????? ?? ????? ??? ????? ??? ?
?? ??? ...

US Patent Application for SOLAR ENERGY INTERMODAL ...

More specifically, the present disclosure is directed to a solar energy cargo system capable of receiving and storing solar energy, and powering electric or hybrid electric vehicles using the received solar ...

U.S. Patent for Insulated shipping container and method of making

In FIG. 2, a cross sectional view of the insulated container 10 is presented, with the plane of the cross section indicated generally at the dashed line 2 - 2 of FIG. 1 --extending transversely ...

Solar-powered refrigerated container

The container is solar-powered with a solar collector on its outer surface, but it also has an internal battery, which powers a thermoelectric cooling unit, fans, control panel and may house ...

Lightweight And Collapsible Or Foldable Patents (Class 136/245)

Abstract: A solar panel container unit comprising: one or more photovoltaic (PV) solar arrays each comprising a photovoltaic solar panel, and wherein the PV solar panel comprises a ...

KR102600581B1

The present invention relates to a solar container device, and more specifically, to a container device used as a simple residential building, which combines a solar module that can be opened and ...

20140238467 SOLAR POWERED CONTAINER

This patent search tool allows you not only to search the PCT database of about 2 million International Applications but also the worldwide patent collections. This search facility features: flexible search ...

KR20120014820A

The present invention relates to a container ship having a photovoltaic device, and more particularly to a container ship having a photovoltaic device that can reduce the cost per unit power by producing ...

CN104868825A

A timeline of key events for this patent application, including priority claims, publications, legal status, reassignments, and litigation. Google has not performed a legal analysis and makes no

SHIPPING CONTAINER AND METHOD OF FOLDING A SHIPPING CONTAINER

Justia Patents U.S. Patent Application for SHIPPING CONTAINER AND METHOD OF FOLDING A SHIPPING CONTAINER Patent Application (Application #20210292039)

- TELECOM CABINET
- BRAND NEW ORIGINAL
- HIGH-EFFICIENCY

PHOTOVOLTAIC CONTAINER

[0012] In the above-mentioned photovoltaic container, optionally, the second layer of photovoltaic assemblies has a first row of photovoltaic assembly and a second row of photovoltaic assembly in a ...
