

# Solar container production expansion company

## Overview

---

At SolaraBox, we design and manufacture advanced solar containers that bring clean, reliable, and mobile energy wherever it's needed. Built for multi-industry use, our systems replace costly diesel generators and deliver sustainable power on demand. The market is witnessing rapid adoption due to increasing demand for decentralized and portable renewable energy solutions. BoxPower announced it was awarded close to \$3 million in grant funds from the California Energy Commission (CEC) through the Electric Program Investment Charge. The container is equipped with foldable high-efficiency solar panels, holding 168-336 panels that deliver 50-168 kWp of power.
