

Solar container support details

Overview

Introducing the latest option for mounting solar arrays to standard CONEX shipping containers. Thanks to foldable solar arrays, the container is rapidly deployable — operating within hours to support power needs across diverse scenarios. This system can accept six-twelve solar modules, of either 60 or 72 cell format (modules not included). Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel unit for quick installation.

Solar container support details
