

Swedish new solar container production company

Overview

Solarfold allows you to generate electricity where it's needed, and where it pays to do so. The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever. Swedish solar technology company Midsummer says it is exploring an opportunity to expand the planned capacity of a thin-film solar cell factory in Colombia, as part of its ongoing collaboration. We innovate with solar photovoltaic plant design, engineering, supply and construction services, contributing to the diversification of the energy matrix in our. We provide operation and maintenance services (O&M) for solar photovoltaic plants.
