

Wellington home solar container equipment manufacturer

Overview

At SolaraBox, we design and manufacture advanced solar containers that bring clean, reliable, and mobile energy wherever it's needed. Built for multi-industry use, our systems replace costly diesel generators and deliver sustainable power on demand. In 2025, average turnkey container prices range around USD 200 to USD 400 per kWh depending on capacity, components, and location of deployment. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. Experience - Solarman specialises in the supply and installation of Solar systems every week in the Wellington region and we pride ourselves on providing ongoing support/maintenance services to our valued customers. The company relocated its headquarters from Vancouver, Canada to Bergen, Norway in 2019. [pdf] Who makes energy storage enclosures?

Machan offers comprehensive solutions for the manufacture of energy storage enclosures.
