

# What kind of professional job is solar container

## Overview

---

A solar installer, also known as a photovoltaic (PV) installer, is a skilled technician who assembles, installs, and maintains solar panel systems that convert sunlight into electricity. There are endless opportunities to work in the solar industry, from installers to engineers to manufacturers. According to the 2022 Solar Job Census, nearly 264,000 jobs in the United States were dedicated primarily to solar. First Solar reserves the right to offer you a role most applicable to your experience and skillset.
